PETITION FOR REVIEW

Pursuant to Section 16(b) of the Federal Insecticide, Fungicide, and
Rodenticide Act (FIFRA), 7 U.S.C. § 136n(b), and Rule 15(a) of the Federal Rules
of Appellate Procedure, Petitioners Center for Food Safety, National Family Farm
Coalition, Pesticide Action Network North America, Beyond Pesticides,
Environmental Working Group, and Center for Biological Diversity (collectively

Petitioners) hereby petition this Court to review and set aside the final order of the United States Environmental Protection Agency (EPA) granting unconditional registration of Enlist Duo Herbicide (Enlist Duo), CAS Number 048373-72-3, containing the active ingredients 2,4-Dichlorophenoxyacetic acid (2,4-D) and glyphosate, approving the major new use of Enlist Duo on corn and soybean crops that have been genetically engineered to withstand its application, and to find that EPA violated the Agency's duties under the Endangered Species Act (ESA), 16 U.S.C. §§ 1533-44, by failing to consult with the United States Fish and Wildlife Service (FWS) and the National Marine Fisheries Service (NMFS) to ensure that its attached unconditional registration of Enlist Duo would not jeopardize any listed species or destroy or adversely modify their critical habitat. *See* 16 U.S.C. § 1536 (a)(2).

The challenged final order was announced in a regulatory decision document that was dated and entered on EPA Docket EPA-HQ-OPP-2014-0195 on October 15, 2014, after public notice and comment, and without any agency adjudication or hearing. A copy of this final regulatory decision document is attached as Exhibit A to this petition.

Under the law of the Ninth Circuit, Petitioners are required to file their FIFRA claims in the Court of Appeals. Petitioners do not waive any argument concerning jurisdiction for claims under the ESA by including them here.

Respectfully submitted this 22nd day of October, 2014.
