Dear Ms. O'Brien,

This is to fulfill our notification commitments made with the U.S. District Court for the District of Idaho concerning wolf management actions in the Frank Church River of No Return (FCRONR) Wilderness. In a letter dated July 31, 2015, Idaho Department of Fish and Game (IDFG) informed the Forest Service that it does not intend to conduct any wolf control actions in the FCRONR Wilderness during the winter of 2015-2016. Recreational license activities for the take of wildlife will continue in the FCRONR Wilderness under IDFG Commission seasons and rules. The Forest Service concurs with IDFG's plans.

If you have any additional questions regarding this notification, please contact Chris Hartman, Recreation, Heritage and Wilderness Resources Director, at 801-625-5164 or chartman01@fs.fed.us.

Sincerely,

NORA B. RASURE
Regional Forester
