INDEPENDENT AUDITORS' REPORT

To the Board of Trustees Earthjustice

Report on the Financial Statements

We have audited the accompanying financial statements of Earthjustice, which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Earthjustice as of June 30, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

San Francisco, California October 22, 2021

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

1. History and Organization

Earthjustice is the premier nonprofit environmental law organization in the country, wielding the power of law to protect people's health; to preserve magnificent places and wildlife; to advance clean energy; and to combat climate change. Earthjustice achieves long-lasting protection of the environment through far-reaching, high-impact litigation, strengthened by targeted lobbying and communications, and by protecting access to the courts. Earthjustice takes on the biggest, most precedent-setting cases across the country, partnering with thousands of groups, supporters and citizens to bring about positive change.

For over 50 years, Earthjustice has represented more than 1,000 clients, ranging from large national environmental and health organizations to smaller community groups. This free legal expertise is an essential service that helps clients think strategically about their work, participate effectively in administrative processes, challenge the government or industry in court when needed, and negotiate skillfully when litigation (or the threat of it) brings stakeholders to the bargaining table.

Earthjustice was incorporated in March 1970, under the laws of the State of California. It presently employs over 150 attorneys in sixteen locations: Anchorage, Alaska; Juneau, Alaska; Los Angeles, California; Sacramento, California; San Francisco, California (which also houses the organization headquarters); Denver, Colorado; Washington, D.C.; Miami, Florida; Tallahassee, Florida; Honolulu, Hawaii; Chicago, Illinois; New Orleans, Louisiana; Bozeman, Montana; New York, New York; Philadelphia, Pennsylvania; and Seattle, Washington. This nationwide litigation effort is supported by policy and legislation experts and by the organization's communications team, which has broad experience in print and broadcast media as well as digital advocacy and social media.

Earthjustice divides its current work into four key program areas: fighting for healthy communities by holding polluters and the government accountable for following our nation's bedrock environmental laws safeguarding human health; preserving the wild by enforcing laws to protect endangered species, sensitive habitats and threatened wildlands and waters; advancing clean energy and a stable climate by using the power of law to speed a transformation from dirty fossil fuels to renewable energy; and advancing access to justice.

Earthjustice's volunteer members of the Board are active in oversight of governance, finance, investments and fundraising activities of the organization.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America. Under these guidelines, contributions of cash and other assets are classified as one of the following three categories:

Net Assets Without Donor Restrictions – Those net assets and activities which represent the portion of expendable funds that are available to support Earthjustice's operations. Additionally, the Board of Directors may designate a portion of these net assets for specified purposes. As of June 30, 2020, the following funds were established by the Board of Directors:

Cash Flow Reserve Fund – These funds are designated to provide a stable source of funding for anticipated and unanticipated budgetary needs, maintained at approximately three months of operating expenses.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

2. Summary of Significant Accounting Policies, continued

Basis of Presentation, continued

Board-Designated Endowment Fund – These funds are designated to protect Earthjustice's work commitments in the event of a longer term change in revenue prospects. Earthjustice represents clients in legal matters that create ethical obligations to clients and courts requiring long term investments of staff and financial resources to fulfill. The fund is designed to provide stable funding to support meeting client commitments on existing work if needed. While the Board Designated Endowment is intended to support Earthjustice's work and client obligations over time, it does not functionally operate as an endowment.

Net Assets With Donor Restrictions – Net assets subject to donor imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Cash and Cash Equivalents

Cash and cash equivalents include petty cash and cash held at banks and other insured financial institutions which have an original maturity of three months or less when purchased, except funds held in long-term investment or split-interest purposes. Client trust funds include court awards and other funds received for the possible benefit of clients that are initially deposited into separate client trust bank accounts. Once appropriately identified the funds are then refunded to the client or transferred into Earthjustice's operating fund accounts. For purposes of the statements of cash flows, cash and cash equivalents include:

	2021	2020
Operating cash, including client trust funds of \$287,946 and \$491,767 in 2021 and 2020, respectively Cash equivalents included in short-term investments	\$ 1,962,825 25,842,812	\$ 16,480,106 36,177,593
	\$ 27,805,637	\$ 52,657,699

Contributions and Receivables

Contributions of cash and other assets, including unconditional promises to give, are recorded as with or without donor restrictions depending on the existence and/or nature of any donor restrictions. When a donor restriction expires, either through the passage of a stipulated time period or the purpose being completed, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as satisfaction of program/time restrictions. Revenue from contractual foundation grants is recorded as contributions with donor restrictions upon contract ratification.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

2. Summary of Significant Accounting Policies, continued

Contributions and Receivables, continued

Such grants normally have anticipated expenditures that Earthjustice will incur upon collection of the receivable, however, the contributions are not considered conditional based on the occurrence of such expenditures. Contributions receivable with payment terms in excess of one year are subject to discounting using a rate of 3.5%. One multi-year pledge of \$5 million is subject to discounting using a rate of 12%. Conditional promises to give are excluded from revenue and support until the conditions are substantially met. As of June 30, 2021 and 2020, there were no outstanding conditional promises to give.

Revenue from bequests is recognized as receivables and contributions if they are irrevocable, unconditional, and measurable. If a gift does not meet these criteria, it is not recognized as contribution revenue until the will is declared valid and subject to final distribution. At that time, Earthjustice recognizes the contribution at fair value, net of a discount for likely fees and taxes, based on historical experience. Bequest amounts estimated to be received in excess of one year are subject to discounting.

Donated Services

Donated legal services are recognized as contributions and a corresponding expense at their estimated value at date of receipt, in accordance with accounting principles generally accepted in the United States of America, if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by Earthjustice. Attorneys who contribute services provide Earthjustice details of the dollar value of the time spent. The value of law clerks' time is estimated by management using current rates included in court filings. Total donated legal services for the years ended June 30, 2021 and 2020, was estimated to be \$1,874,741 and \$3,119,889, respectively.

Earthjustice also receives donated space for public service announcements in various print, television, and webbased media as well as in major U.S. airport locations and various outdoor locations. The fair value of these donations has been estimated using published advertising rates for comparable space in the publications and an estimate for like kind space in airports and amounted to \$4,359,280 and \$1,067,317 for the years ended June 30, 2021 and 2020, respectively. It is Earthjustice's policy to record the value of the donated space when management becomes aware of the ad placement.

Court Awarded Attorney Fees and Costs

Revenue from court awards is recognized when the court has approved payment and the opposing side to the case has no further avenues of appeal.

Allowance for Doubtful Accounts

Earthjustice provides for amounts that may be uncollectible on pledged contributions, grants and other receivables. After considering such factors as prior collection history, the ability of the debtor to pay, and historical trends, management concluded that allowance of \$277,394 and \$389,206 were necessary as of June 30, 2021 and 2020, respectively. In the years ended June 30, 2021 and 2020, Earthjustice recovered \$81,190 and incurred \$144,646, respectively, in bad debt expenses as the result of revaluing the longer-term collectability of all pledges receivable and in forgiving certain pledges receivable in prior years.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

2. Summary of Significant Accounting Policies, continued

Short-Term Investments

Short-term investments consist of certificates of deposit, money market funds, cash equivalents, and contributed investments that have not yet been sold by Earthjustice in the normal course of business (if applicable). All short-term investments are carried at fair value. At June 30, 2021 and 2020, short-term investments consisted of certificates of deposit with maturities of three months or more having a fair value of \$236,038 and \$235,474, respectively, and cash equivalents of \$25,842,812 and \$36,177,593, respectively.

Long-Term Investments

Long-term investments, which include mutual funds and money market funds, federal treasury and agency instruments, and equity securities are carried at fair value. Fair value measurements are disclosed in Note 7. Earthjustice also invests in various collective trust funds that are measured on a net asset value ("NAV") per share basis, which approximates fair value. The collective trust funds are index funds and seek investment results that correspond with the underlying assets of the funds. The objective is to provide returns as close to the benchmark indexes as possible over the long term. Investments in the collective trust fund are fully redeemable and Earthjustice may make withdrawals from the fund at any time with no restrictions at the NAV per share less an exit fee. There are no unfunded commitments for these investments. Realized and unrealized gains and losses on investments, other than those held for split-interest gift agreements, are reflected in the statements of activities. Realized and unrealized gains and losses on investments held for split-interest gift agreements are reflected in the statements of activities as a change in value of split-interest gift agreements.

Long-term investments consist of a pool of funds that includes both donor restricted and board-designated funds. The reserve investments are, in turn, split into two pools of funds, a Cash Flow Reserve Fund and a Board-Designated Endowment Fund. The Cash Flows Reserve Fund is invested in money market funds and fixed income funds, while the Board-Designated Endowment Fund is invested 80% in equity funds and 20% in a Treasury inflation-protected securities ("TIPS") fund. The asset allocation of the reserve funds follows the Investment Policy Statement, which is set by the Earthjustice Board of Trustees. To a limited extent, the Board allows reserve investments to help fund current operations, subject to any donor-imposed restrictions on the initial contributions.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A framework for measuring fair value prioritizes the use of observable market-based inputs over the use of unobservable inputs when measuring fair value. The categorization of an asset or liability is based upon the lowest level of input that is significant to the fair value measurement.

Three levels of inputs are used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level l prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

2. Summary of Significant Accounting Policies, continued

Fair Value Measurements, continued

Level 1 assets include highly liquid government bonds, mutual funds, and exchange traded equities. Level 2 assets may include fixed income investments traded in a limited market, certificates of deposit, and collective trust funds. In certain cases where Level 1 or Level 2 inputs are not available, assets are classified within Level 3 of the hierarchy. Level 3 assets and liabilities may include financial instruments whose value is determined using discounted cash flow methodologies or similar techniques as well as instruments for which the determination of fair value requires significant management judgement or estimation. Level 3 assets include beneficial interests in non-trusteed trusts which hold residential real estate and liabilities related to split-interest agreements.

In addition, Earthjustice reports certain investments using the NAV per share as determined by investment managers under the so-called "practical expedient." The practical expedient allows net asset value per share to represent fair value for reporting purposes when the criteria for using this method are met.

Endowments

Interpretation of Relevant Law

The Board of Trustees of Earthjustice has interpreted the provisions of the California's Uniform Prudent Management of Institutional Funds Act ("CUPMIFA") as requiring the preservation of the gift principle at the fair value as of the gift date of the donor restricted endowment funds absent explicit donor stipulations to the contrary, and to allow endowment funds to be appropriated for expenditure or accumulated as Earthjustice determines is prudent for the uses, benefits, purposes, and duration for which the endowment funds were established. Unless stated otherwise in the gift instrument, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by Earthjustice.

In accordance with CUPMIFA, Earthjustice considers the following factors when investing or making a determination to appropriate or accumulate donor restricted endowment funds:

- a. The duration and preservation of the fund
- b. The purposes of Earthjustice and the donor-restricted endowment fund
- c. General economic conditions.
- d. The possible effect of inflation and deflation
- e. The expected total return from income and the appreciation of investments
- f. Other resources of Earthjustice
- g. The investment policies of Earthjustice

Spending Policy and How the Investment Objectives Relate to Spending Policy

Earthjustice has adopted a policy of appropriating for distribution each year up to 4% of its endowment fund's average fair value over the prior twelve quarters through the most recent quarter end preceding the fiscal year in which the distribution is planned. In establishing this policy, Earthjustice considered the long-term expected return on its endowment. In accordance with CUPMIFA, distributions are allowed from the Endowment Funds even if the funds are below the fair value of the gift principal.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

2. Summary of Significant Accounting Policies, continued

Endowments, continued

Financial Statement Presentation

For financial statement purposes, Earthjustice classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument, and (d) the remaining portion of the donor-restricted endowment fund whose use is restricted until those amounts are appropriated for expenditure by Earthjustice in a manner consistent with the standard of prudence prescribed by California's enacted version of UPMIFA.

Aggregate Amount of Deficiencies for Donor-Restricted Endowments

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires Earthjustice to retain as a fund of perpetual duration. Deficiencies of this nature are reported in net assets with donor restrictions. For the years ended June 30, 2021 and 2020, there were no such deficiencies.

Split-Interest Gift Agreements

Earthjustice has entered into several Charitable Gift Annuity Agreements and Charitable Remainder Unitrusts whereby Earthjustice is the trustee and the donor contributes assets in exchange for distributions based on the value of trust assets for a specified period of time to the donor or other beneficiaries. These assets are recorded as split-interest gifts (Note 5). At the end of the specified time, the remaining assets are available for Earthjustice's use. Assets received are recorded at fair value on the date the agreement or unitrust is recognized and as required by state law, are invested primarily in U.S. government obligations. A liability equal to the present value of the future distributions to other beneficiaries is recorded. The difference between the fair value of the assets received and the liability to the donor or other beneficiaries is recognized as contribution revenue as a change in value of split-interest gift agreements in the statement of activities. Assets held by third-party trustees are recorded as a beneficial interest within contribution receivables.

Assets of pooled income funds are stated at fair value based on present value techniques that involve estimations of investment returns, life expectancies based on mortality tables, and discount rates. The remainder interest in the assets received is recognized as contributed income with donor restrictions in the period in which the assets are received from the donor and is measured at the fair value of the assets received, discounted for the estimated time period until the donor's death.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

2. Summary of Significant Accounting Policies, continued

Property and Equipment

Property and equipment are included in the financial statements at cost when acquired by purchase and at fair value when received by gift. Earthjustice capitalizes property and equipment with an aggregate cost or fair-market value of \$5,000 or more. Leasehold improvements are amortized over the lesser of the useful life of the asset or the term of the lease. Depreciation and amortization is provided using the straight-line method over estimated useful lives as follows:

Building	40 years
Furniture and equipment	7 years
Computer equipment and software	5 years
Leasehold improvements	Term of leases

Deferred Rent and Lease Incentive Liabilities

Earthjustice recognizes rent expense on a straight-line basis over the life of the lease. Leasehold improvements paid for by the landlord are recorded as a deferred lease incentive liabilities and amortized over the lease term on a straight-line basis.

Concentrations of Credit Risk

At June 30, 2021 and 2020, Earthjustice maintained its investments with three investment firms, the largest single investment constituting approximately 30% of investments. (Assets separated for split-interest gifts are not included. Assets administered by The Vanguard Group but representing distinct registered investment companies are considered separate investments for purposes of this calculation). As of June 30, 2021 and 2020, Earthjustice held investments in excess of the Securities Investor Protection Corporation ("SIPC") insurance limits.

In the regular course of business, Earthjustice may maintain operating cash balances at a bank in excess of federally insured limits. Earthjustice seeks to control the risk of loss by maintaining deposits with only high-quality financial institutions.

Allocation of Functional Expenses

Expenses are summarized and categorized based upon their functional classification as program, management and general or fundraising. Specific expenses that are readily identifiable to a single program or activity are charged directly to that function. Certain categories of expenses are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries and related expenses; occupancy; depreciation and amortization; and indirect operating expenses. These expenses are allocated on the basis of estimated time and effort by employees.

Advertising

Earthjustice expenses advertising costs as incurred. For the years ended June 30, 2021 and 2020, advertising and media expenses amounted to \$6,220,997 and \$1,909,071, respectively.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

2. Summary of Significant Accounting Policies, continued

Income Taxes

Earthjustice has been granted tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and Section 23701d of the California Revenue and Taxation Code. Accordingly, no provision for income taxes is included in the financial statements. Earthjustice files exempt organization returns and, if applicable, unrelated business income tax returns in the U.S. federal and California jurisdictions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include functional allocation of expenses, net present value of split-interest gift agreements, fair value of investments and the fair value determination of contributed goods and services.

Recent Accounting Pronouncements

In September 2020, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2020-07, Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets, to clarify the presentation and disclosure of contributed nonfinancial assets, including land, buildings, and other items. The ASU does not change existing recognition and measurement requirements for contributed nonfinancial assets. The ASU is effective for annual reporting periods beginning after June 15, 2021, with early adoption permitted. Earthjustice is currently evaluating the effect of adoption on its financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (842)*. The new guidance requires lessees to recognize a right-to-use asset and a lease liability for virtually all leases (other than leases that meet the definition of a short-term lease). The new guidance is effective for years beginning after December 15, 2022 and interim periods beginning the following year. Early application is permitted. Earthjustice is currently evaluating the effect of adoption on its financial statements.

3. Liquidity and Availability

Earthjustice's working capital and cash flows have seasonal variations during the year attributable to the high concentration of contributions received near calendar year end. With the oversight of the Board Investment Committee, management projects for future cash needs on a biannual basis and maintains roughly 4–6 months in liquid assets available for current operations. If needed, reserve funds are available to meet general expenditures.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

3. Liquidity and Availability, continued

The following reflects Earthjustice's financial assets as of June 30:

	2021	2020
Financial assets at fiscal year end:		
Operating cash, including client trust funds	\$ 1,962,825	\$ 16,480,106
Short-term investments at fair value, including cash equivalents	26,078,850	36,413,068
Contribution receivables, net	28,468,694	39,203,510
Court awards receivable	703,456	733,321
Long-term investments at fair value	212,894,827	129,897,261
Deferred compensation assets	1,129,668	825,327
Total financial assets	271,238,320	223,552,593
Less amounts unavailable for general expenditure within one year:		
Contribution receivables due after one year, net	(16,306,042)	(18,801,511)
Deferred compensation assets	(1,129,668)	(825,327)
Donor-imposed restrictions:		
Subject to appropriation and satisfaction of donor restrictions	(1,908,000)	(1,908,001)
Board-designated reserve funds	(214,370,234)	(149,714,284)
Financial assets available to meet cash needs for general		
expenditures within one year	\$ 37,524,376	\$ 52,303,470

4. Contributions Receivables

Contributions receivable at June 30, 2021 and 2020, include both contributions with and without donor restrictions that are attributable to pledges, foundation grants, bequests, and charitable remainder unitrusts. Pledges receivable and bequests which are expected to be collected over a period of time in excess of one year are discounted using a discount rate at the date of the contribution. These receivables consist of the following:

	2021					
	Γ	ithout Oonor trictions	With Do			Total
Foundation grants receivable, net of discount of \$301,108 Pledges receivable, net of discount of \$3,100,479 Beneficial interest in charitable remainder unitrust	\$	-	\$ 8,864 17,950	•	\$	8,864,655 17,950,506 706,660

	\$	68,264	\$ 28,400	,430	\$:	28,468,694

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

4. Contributions Receivables, continued

	2020			
	Without Donor Restrictions		With Donor Restrictions	Total
Foundation grants receivable, net of discount of \$626,284	\$	-	\$ 13,430,396	\$ 13,430,396
Pledges receivable, net of discount of \$4,168,205		-	22,662,561	22,662,561
Beneficial interest in charitable remainder unitrust		-	672,420	672,420
Bequest receivables		766,573	2,060,766	2,827,339
Allowance for doubtful accounts		_	(389,206)	(389,206)
	\$	766,573	\$ 38,436,937	\$ 39,203,510

The receivable from the beneficial interest in charitable unitrusts not under the control of Earthjustice represents the present value of the estimated future benefits to be received from the trust upon death of the settlers or beneficiaries of the trusts. The receivable has been estimated using published actuarial tables.

Bequests receivable are from nine and seven estates at June 30, 2021 and 2020, respectively. All bequests receivable are expected to be received within one year.

One donor comprised 15% and 9% of total contributions for the years ended June 30, 2021 and 2020, respectively. Another donor made a multi-year unconditional promise to give comprising of 16% and 11% of total contributions for the years ended June 30, 2021 and 2020, respectively.

The pledge receivable and foundation grant receivable balances at June 30, 2021, are expected to be collected as follows:

Year ending June 30:	
2022	\$ 10,509,119
2023	5,360,128
2024	3,775,000
2025	3,822,501
2026	2,350,000
Thereafter	4,400,000
	30,216,748
Less discount	(3,401,587)
Less allowance	(277,394)
	\$ 26,537,767

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

5. Split-Interest Gift Agreements

In the regular course of fund development, Earthjustice enters into various split-interest gift agreements with donors. Earthjustice currently has three different categories of such agreements:

Pooled Income Fund – Donors contributing to this category are assigned a specific number of units in the pool based on their contribution and receive a life interest in any income earned on those units. Upon the donor's death, the value of the units held by the donor within the fund becomes available to Earthjustice for its unrestricted use. The liabilities at June 30, 2021 and 2020 have been estimated using applicable published actuarial tables and the estimated average rate of return on the fund, which was approximately 4%.

Charitable Remainder Unitrusts – Earthjustice held eight and five trusts at June 30, 2021 and 2020, respectively, whereby the donors have contributed assets to Earthjustice, in exchange for a life interest in the income from the trusts or a specified percentage of the fair value. Some of these trusts require Earthjustice to share the corpus upon maturity with another charity. The assets held and the corresponding liabilities are grossed up to include the amounts ultimately payable to the other charities. The liabilities associated with these trusts have been estimated using applicable published actuarial tables and an estimated average rate of return on the trusts of 6%.

Charitable Gift Annuities – Donors contribute assets in exchange for a promise by Earthjustice to pay a fixed amount to designated beneficiaries until death of the last named beneficiary. Various states in which annuitants reside require that Earthjustice maintain statutory reserves. These statutory reserves typically require that Earthjustice separate the associated assets from other assets to the extent of the reserve requirements. While Earthjustice elects to separate all assets associated with the annuity contracts, assets in excess of required reserve requirements are essentially unrestricted. Earthjustice has computed the reserve requirements based upon the most restrictive computation, which exceeds the liability due to annuitants by \$2,213,173 and \$1,722,625 for June 30, 2021 and 2020, respectively. As a result, this amount constitutes net assets with donor restrictions. It is Earthjustice's practice not to liquidate the net asset value of annuity contracts until such time as the contracts mature. Liabilities estimating the present value of the expected annuity payments have been estimated using applicable published actuarial tables and an estimated average rate of return on the trusts of 6%.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

7. Fair Value Measurements, continued

While management believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date. Those estimated values may differ significantly from the values that would have been used had a readily available market for such investments existed, or had such investments been liquidated, and these differences could be material to the financial statements.

Transfers to or from Level 3 measurements are based on relevant accounting guidance and are assessed during the period of the transfer and are recognized at the end of the fiscal year. No such transfers occurred for the years ended June 30, 2021 and 2020.

Inputs used for valuation of remainder interest trusts are based on qualified appraisals provided by the trustee, the life expectancy of the income beneficiaries, and an applicable discount rate determined by the organization. The fair value of beneficial interests is reviewed and updated annually by adjusting the current life expectancies of the income beneficiaries, applicable discount rate and market value of the trust. The fair value of liabilities associated with these trusts have been adjusted using applicable published actuarial tables. There was no change in valuation methods during the current fiscal year.

The following table provides a reconciliation of assets measured at fair value using significant unobservable inputs (Level 3) on a recurring basis during the periods ended June 30, 2021 and 2020:

]	eneficial Interest n Trusts
Balance, June 30, 2019	\$	639,883
Increase in value due to change in market value and actuarial life expectancy		32,537
Balance, June 30, 2020		672,420
Increase in value due to change in market value and actuarial life expectancy		34,240
Balance, June 30, 2021	\$	706,660

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

7. Fair Value Measurements, continued

The following table provides a reconciliation of liabilities measured at fair value using significant unobservable inputs (Level 3) on a recurring basis during the periods ended June 30, 2021 and 2020:

	Liabilities under Split-Interest Agreements
Balance, June 30, 2019	\$ 5,263,802
New agreements	1,509,769
Payments to beneficiaries	(681,288)
Dissolution of agreements	(286,906)

Building	475,112	475,112
Land - Alaska office	153,880	153,880
Land - Alaska (donated)		79,000
Less accumulated depreciation and	19,300,764	16,898,411
amortization	(9,259,396)	(7,374,291)
	\$ 10,041,368	\$ 9,524,120

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

8. Property and Equipment, continued

Depreciation and amortization expense totaled \$1,885,106 and \$1,253,042 for the years ended June 30, 2021 and 2020, respectively.

On July 28, 2020, Earthjustice finalized the sale of the Alaska donated land carried at \$79,000 as of June 30, 2020. A gain on the sale was recognized in the fiscal year ended June 30, 2021.

9. Commitments and Contingencies

Lease Commitments

Earthjustice has entered into various lease agreements having initial terms greater than one year for office space which expire through 2031. Rental expense under these leases totaled \$6,854,231 and \$6,278,286 for the years ended June 30, 2021 and 2020, respectively.

Additionally, Earthjustice has entered into various lease agreements for the use of office equipment ranging in lease terms from 3 to 5 years, with total annual payments approximating \$75,500.

The aggregate future minimum rental payments under these leases are as follows:

Year ending June 30:	
2022	\$ 7,477,042
2023	7,361,087
2024	7,519,527
2025	6,866,123
2026	4,443,614
Thereafter	18,245,071
	\$ 51,912,463

COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude of the effect that the pandemic will have on Earthjustice's financial condition, liquidity, and future results of operations. Management is actively monitoring the impact on its financial condition, liquidity, operations, and workforce.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

10. Net Assets with Donor Restrictions

Net assets with donor restrictions at June 30, 2021 and 2020, are restricted for the following purposes:

	20	021	2020		
	Balance	Releases	Balance	Releases	
Subject to expenditure of specified purpose:					
Climate and Energy	\$ 6,699,442	\$ (18,807,873)	\$ 11,805,406	\$ (31,154,266)

Endowment net assets, June 30, 2021	\$	_	\$ 1,908,000	\$ 1,908,000

11. Retirement Plans

Earthjustice has established a retirement annuity plan and a tax-deferred annuity plan for its employees under Section 403 (b) of the Internal Revenue Code. The retirement annuity plan provides for an employer contribution to a defined contribution retirement plan of 3.5% of an employee's gross earnings after one year of service. After two years of service, the employer contribution increases to 9% of an employee's gross earnings, with an increase to 10% of gross earnings provided the employee contributes at least 3% to the tax deferred annuity plan. Contributions to the retirement annuity plan of \$4,064,055 and \$3,148,060 have been expensed for the years ended June 30, 2021 and 2020, respectively.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

11. Retirement Plans, continued

On August 1, 2010, Earthjustice established an eligible deferred compensation plan for a select group of highly compensated employees under Section 457(b) of the Internal Revenue Code. The plan allows pre-tax contributions of the maximum amount allowed by law per year through payroll deduction. At June 30, 2021, 8 employees had elected to participate in the plan. The investments in this plan remain as assets of the organization until the employees retire and are presented as deferred compensation assets and corresponding liabilities on the statement of financial position.

12. Related Parties

On June 27, 2017, the Earthjustice board authorized the formation of Earthjustice Action, an independent 501(c)(4) organization to help advance protection of the environment through political advocacy. Some members of the Earthjustice Action Board are also on the Earthjustice Board as of June 30, 2021. There is a formal cost-sharing agreement under which Earthjustice Action reimburses personnel and overhead costs incurred on its behalf by Earthjustice. Expenses charged to Earthjustice Action by Earthjustice under the cost sharing agreement were \$188,055 and \$46,197 for the years ended June 30, 2021 and 2020, respectively.

13. Subsequent Events

Earthjustice evaluated subsequent events for recognition and disclosure through October 22, 2021, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since June 30, 2021 that required recognition or disclosure in such financial statements.
