

UPDATE (Sept. 21, 2022): Since the release of the [New Jersey's Dirty Secret](#) report, additional information has become available from energy years 2019 to 2021 regarding the amount of subsidies that New Jersey incinerators are receiving under the state's RPS program. Currently, New Jersey incinerators have received over \$50 million in subsidies since 2004.

Annual RPS Subsidies to NJ Incinerators
