- 10 1. The Forest Service will prepare a Supplemental Environmental Impact Statement
11 (“SEIS”) that re-examines forest plan management direction with regard to Inventoried
12 Roadless Areas (“IRAs”)¹ within the Angeles, Cleveland, Los Padres and San Bernardino
13 National Forests (collectively, “four forests”) and analyzes alternative monitoring
14 protocols. The SEIS will include a description of the Forest Service’s efforts to
15 coordinate with the State Plaintiffs regarding the State’s policies for management of
16 roadless areas. At the request of the Environmental Plaintiffs and the People of the State
17 of California, the Forest Service will consider, at a minimum, the areas listed in
18 Attachment A, or portions thereof, for potential re-zoning to the Recommended
19 Wilderness (“RW”) or Back Country Non-Motorized (“BCNM”) land use zones and the
20 SEIS will include as a component of the proposed action, a proposal to rezone these
21 areas, or portions thereof, to the RW or BCNM land use zones. Additional alternatives

2. The Forest Service will provide Plaintiffs with a current inventory of National Forest System roads and trails and unauthorized routes within IRAs on the four forests within two weeks of the effective date of the Settlement Agreement.

3. The Parties will engage in a collaborative process, to meet and exchange information, as follows:

a. The Parties will use best efforts to review information regarding the road and trail inventory provided pursuant to Paragraph 2 above, as well as decommissioning and restoration efforts in IRAs that have taken place on the four forests since issuance of the revised forest plans, within two months of the effective date of the Settlement Agreement;

b. The Parties will use best efforts to develop criteria for prioritizing road and trail decommissioning and/or restoration projects in IRAs within five months of the effective date of the Settlement Agreement;

projects identified pursuant to Paragraph 3c above, after complying with NEPA procedures, as applicable. The Parties agree that the Forest Service is not required to seek appropriations for the projects identified in Paragraph 3.

5. Between the date of this Settlement Agreement and the issuance of an SEIS and Record of Decision, the Forest Service will:

- a. Complete annual monitoring and evaluation reports as required by Part 3 of Appendix C of the revised forest plans, and make such reports available to the public by October 31 of the following year, except that the 2009 report will be made available within two months of the effective date of the Settlement Agreement;
- b. Modify Schedules of Proposed Action (SOPAs) for the four forests to indicate whether projects are proposed within IRAs and provide the names of the affected IRA(s) in the SOPAs;

Not approve activities in IRAs in the four forests that impair the wilderness values of those areas and limit the Forest Service’s ability to recommend those areas for wilderness designation, except for: (1) activities needed to protect public health, safety, and property in cases of imminent threat; (2) activities required by law to be approved; (3) activities needed to manage or realign existing National Forest System roads; or (4) fuels reduction activities when necessary to reduce the risk of uncharacteristic fires and protect communities as long as the project does not involve road construction or reconstruction. Any roads constructed pursuant to one of the above exceptions shall be decommissioned as quickly as feasible when no longer needed. All activities within IRAs in the four forests must proceed in

1 compliance with all laws, regulations, and any other applicable legal
2 requirements.

- 3
4 6. The Forest Service will pay the Environmental Plaintiffs \$250,000 in full and complete
5 satisfaction of any and all claims, demands, rights, and causes of action pursuant to the
6 Equal Access to Justice Act (“EAJA”), 28 U.S.C. § 2412(d), and/or any other statute
7 and/or common law theory, for all attorneys’ fees and costs incurred by Plaintiff,
8 individually and/or severally, in this litigation. As used in Paragraphs 6-9,
9 “Environmental Plaintiffs” is defined to include: Center for Biological Diversity, Los
10 Padres ForestWatch, California Native Plant Society, Defenders of Wildlife, California
11 Wilderness Coalition, and The Wilderness Society. The Parties agree that Sierra Club,
12 the People of the State of California, the California Natural Resources Agency, and the
13 California Department of Forestry and Fire Protection are not requesting attorney’s fees
14 or costs.
15
16 7. The Forest Service’s payment, as identified in Paragraph 6 above, shall be accomplished
17 by electronic funds transfer to Earthjustice. Environmental Plaintiffs’ attorneys shall
18 provide the appropriate account number and other information needed to facilitate
19 payment to the undersigned counsel. Defendants shall submit the paperwork for the

9. The Environmental Plaintiffs' attorneys are receiving funds in trust for Environmental Plaintiffs, and Environmental Plaintiffs and their attorneys agree to hold harmless Defendant in any litigation, further suit, or claim arising from the deposit of the agreed-upon \$250,000 settlement amount into the Client Trust Account identified in Paragraph 7.
10. The Parties agree that they will submit the accompanying stipulation of dismissal and proposed order dismissing these cases with prejudice pursuant to Fed. R. Civ. P. 41, provided that the Court shall retain jurisdiction as specified in Paragraph 11. *See Kokkonen v. Guardian Life Ins. Co. of Am.*, 511 U.S. 375 (1994). If the Court does not enter the Settlement Agreement, it is voidable by any party.
11. The Parties agree that the Court should retain jurisdiction over these matters solely to enforce the terms of this Settlement Agreement. Any challenge by Plaintiffs to the validity or sufficiency of the SEIS completed pursuant to Paragraph 1 above, including any challenge to the Forest Service's compliance with the provisions of Paragraph 1 concerning matters to be addressed in the SEIS, shall be made only upon completion of the SEIS and Plaintiffs' exhaustion of any and all available administrative

appeal opportunities. For cases brought pursuant to the Administrative Procedure Act, 7 U.S.C. §§ 701-706, the Court’s review will be conducted only to the extent allowed by, and pursuant to, the judicial review provisions of the APA. The Parties agree that contempt of court is not an available remedy for any violation of this Agreement, and the Parties therefore knowingly waive any right that they might have to seek an order of contempt for any such violation.

12. This Agreement is the result of compromise and settlement and does not represent an admission by any Party to any fact, claim, or defense in any issue in this lawsuit. This Agreement has no precedential value and shall not be cited in any other litigation except as necessary to enforce the terms of the Agreement.
